

Uchhas Dewan

Date of birth: 18 May 1998 | **Place of birth:** Rangamati, Bangladesh | **Nationality:** Bangladeshi | **Phone:** (+880) 1852266797 (Home) | **Email address:** uchhasdewan47@gmail.com | **Website:** uchhasdewan1847.github.io | **LinkedIn:** [uchhas-dewan13](#) | **Address:** Rangapani Technical Para, Ward No 06, Kotwali, 4500, Rangamati, Bangladesh (Home)

• ABOUT MYSELF

I am a Software Engineer currently focused on building both reliable and scalable back end systems. Occasionally, I do enjoy exploring DevOps and cloud computing to better understand the software deployment processes. I am also deeply interested in how Artificial Intelligence models are developed and how they can be integrated into real world software systems, particularly in interdisciplinary applications.

• WORK EXPERIENCE

1 JAN 2024 - CURRENT - DHAKA, BANGLADESH

SOFTWARE ENGINEER SUFFIX IT LTD

- Designed and implemented backend softwares, appropriate architectures for seamless user experience.
- Helped in building new projects and designing the architecture following the requirement analysis.
- Collaborating and leading fellow team members into achieving certain objectives within deadlines.
- Tutoring junior developers to learn and adjust with the work environment to contribute on future tasks.

Email: info@suffixit.com | **Website:** <https://www.suffixit.com/>

1 OCT 2023 - 31 DEC 2023 - DHAKA, BANGLADESH

INTERN SOFTWARE ENGINEER SUFFIX IT LTD

- Took part in production-level Spring Boot application development, put effort to work in a professional environment and engaged with fellow colleagues.
- Participated in meetings to understand the business workflow and overall system architecture.

OCT 2022 - NOV 2022 - DHAKA, BANGLADESH

AI MODEL DEVELOPER TICON SYSTEM LTD

- Developed a YOLOv5 AI model for real-time helmet detection.
- Built and annotated a custom dataset from scratch and delivered a functional prototype.
- Presented the project outcomes to the faculty members of our university department.

• EDUCATION & TRAINING

1 Jan 2018 - 13 Jul 2023 - CHITTAGONG, BANGLADESH

BACHELORS OF SCIENCE IN COMPUTER SCIENCE AND ENGINEERING- CHITTAGONG UNIVERSITY OF ENGINEERING & TECHNOLOGY

Field(s) of study: Software and applications development and analysis , Database and network design and administration | **Final grade:** 3.54 | **Level in EQF:** 6 | **National classification:** BNQF level 7 | **Type of credits:** CSECUET credit system |

Number of credits: 160 | **Thesis:** Developing a Passenger Safety Assistance Mobile Application and Suspicious Activity Prediction Using Machine Learning | **Website:** <https://www.cuet.ac.bd/>

● TECHNICAL SKILLS AND COMPETENCES

Software Engineering Tools and Skills

Programming Languages: Java, Python, C, C++, JavaScript, Dart, HTML, CSS

Frameworks: Spring, Spring Boot, Flutter

Databases: MySQL, PostgreSQL, Oracle Database, MongoDB, Firebase (Real time Database / Firestore)

Version Control: Git

Operating Systems: Ubuntu(Linux), MacOS, Windows

Concepts: Software Design Patterns, Engineering principles, Engineering processes, Project management, Software specification analysis, Debugging, Technical requirements interpretation

AI Tools and Concepts

Framework/Libraries: Scikit-learn, TensorFlow, Keras, YOLO

Concepts: ML algorithms(Supervised, Unsupervised, Decision Trees, Recommendation Systems) and Neural Networks,

Deep Learning, Feature Engineering and related concepts

Soft Skills

Problem-solving, teamwork, communication, adaptability, highly enthusiastic on intended tasks

● PROJECTS

JAN 2023 - JUL 2023

Passenger Safety Assistance App (Thesis Project) • Designed ML-integrated mobile application for transport safety.

- Enhanced safety with emergency features and driver behavior analysis.
- Findings presented at IEEE ICDECS 2024.

1 JAN 2024 - CURRENT

Marketing and Sales Systems • Maintained and optimized backend for real time custom marketing application.

- Integrated sales features including discount policies.
- Built scalable modules with Spring Boot and micro-services.

● CERTIFICATIONS

20 AUG 2025 Coursera, Stanford University & DeepLearning.AI

Machine Learning Specialization

Online - The three course series covers the following topics

- Supervised Machine Learning: Regression and Classification
- Advanced Learning Algorithms
- Unsupervised Learning, Recommenders, Reinforcement Learning

Link coursera.org/account/accomplishments/specialization/ASBCGY8JPRAS

17 FEB 2022 Coursera and DeepLearning.AI

Neural Networks and Deep Learning

Online - The course covers the basics of neural networks and deep learning

Link coursera.org/verify/GYG84S8WFT2Y

● **PUBLICATIONS**

Privilege: A Mobile App for Transport Safety & Emergency Assistance 2024

- A *Passenger Safety Assistance mobile application* that analyses driver behavior and trip safety using machine learning models. The project focused on improving passenger security through behavior monitoring, user verification, and intelligent risk detection.

Mahfuzulhoq Chowdhury, Uchhas Dewan IEEE 2024 4th International Conference on Data Engineering and Communication Systems (ICDECS)

● **HONOURS AND AWARDS**

Board of Intermediate and Secondary Education

- I was awarded an annual stipend for my undergraduate degree years by the government upon receiving an excellent score on the higher secondary national board exam.
- I was also awarded annual stipend for two years for my outstanding score in my secondary national board exam.

Autonomous Regional Administrative and Development Organizations

- I received financial awards from the Rangamati Hill District Council (RHDC) and the Chittagong Hill Tracts Development Board (CHTDB) on multiple occasions based on my undergraduate semester results.

● **LANGUAGE SKILLS**

Mother tongue(s): **CHAKMA**

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
BENGALI	C2	C2	C2	C2	C2
ENGLISH	C1	C2	C1	C1	B2

Levels: A1 and A2: Basic user - B1 and B2: Independent user - C1 and C2: Proficient user

● **STANDARDISED TESTS**

29 NOV 2024

IELTS (Academic)

Listening: 7.5 — Reading: 8.5 — Speaking: 7.5 — Writing: 6.0 — Overall: 7.5

17 OCT 2023

GRE General Test

Quant: 161 (57th percentile), Verbal: 149 (34th percentile), Analytical Writing: 3.5 (41st percentile)

● **EXTRA-CURRICULAR ACTIVITIES**

Community

Organizing Secretary, Indigenous Students Forum, CUET (2022–2023): Led student events, cultural programs, and tours.

Member, Association of CUETian Ex-Cadets, CUET (2018–2023): attended and helped managing social events, gatherings, and tours.

WorkShops

Attendee, Workshop on IoT-based Smart Campus, Organized by IICT and Dept of CSE (2021) : explored new ideas to integrate smart systems into campus transportation and class environment.

Cultural and Indoor Games

Painting & Visual Arts

I have experience designing posters and wall magazines, and have participated in several competitions, earning recognition at multiple levels.

- **Inter Cadet College Literary & Music Meet (2014)** — 2nd Place, Painting
- **Shishu Niketon Annual Cultural Competition (2008)** — 2nd Place, Drawing

Music

I play traditional instruments and have participated in singing competitions, achieving recognition in cultural events.

- **Shishu Niketon Annual Cultural Competition (2008)** — 3rd Place, Country Song

Chess

I have competed in chess contests at both college and professional levels, demonstrating consistent performance across different environments.

- **Indoor Games Championship (2025)** — Champion among workplace employees
